NEW YORK, November 19.—A New York New York, November 19.—A New York Post's special says: Returns from Richmond county received at the secretary of state's of-fice give only thirty-four electors for Butler, Fish and Bulman being omitted. The foot-ings in Richmond county are found by the computing clerk to be wrong by 950, the totals on electors being that much too great. The footings show 1,9'l plurality for Cleveland. As the returns are made up it is not practicable to make out on which electors discrepancies have occurred and there is no way to ascertain this, short of going back to the dist ict retures. In five or six other counties the totals do not agree with the iteras. Some of these discrep noise have been explained, but others cannot be. When Conkling arrived from New York he passed through the Delavan house, and without registering went up the hill to meet the democratic members of the board in their preliminary session. The republicans have not, they say, engaged counsel, nor do they intend to do so.

CLUMBUS, O., November 18—A petition is being circulated for signatures, representing to the general assembly that "the holding of the state election in the month of October during the year of the presidential election affects most injuriously the business interests of the state, and results in much damage to our public and private morals. It was carried through the Supreme Court in about five minutes, and the bearer congratulate1 himself on getting his case through the court in the shortest time on record. The Judges said, however, that few cases of such clearness were brought before them. The petition will be widely distributed through the state-through members of congress, presidents of the board of trade, chairmen of county committees, and other persons interested. All newspapers are requested to print it and help it on. As will be seen by reference to the names above it is not a party question. Every man thus far of either party who has seen it has signed it promptly. Ex-Governor Young says that it will get 30,000 signatures in Cincinnati.
